

CENTER ORDER

No. 274 s. 2026

SUBJECT : Temporary Suspension of the Wearing of Prescribed Office Uniform for Administrative Personnel

DATE : 20 April 2026

In consideration of the prevailing extreme heat conditions and their potential impact on employee health and productivity, this Center Order hereby authorized the **temporary suspension of the wearing of prescribed office uniforms** for personnel assigned to administrative functions, **except on Mondays.**

This measure is implemented in view of the following:

1. The increasing heat index poses health risks such as heat stress, dehydration, and fatigue, which may affect employee well-being and efficiency;
2. The use of light, breathable, and appropriate office attire will help maintain employee comfort while ensuring continued delivery of public service;
3. The Civil Service Commission allows agency heads to adopt appropriate dress code adjustments under special circumstances, provided that professionalism is maintained; and
4. Similar measures have been adopted by other government and academic institutions during periods of high heat index to safeguard personnel welfare.

Accordingly, the following guidelines shall be observed during the period of implementation:

- Personnel shall wear smart casual, decent, and appropriate office attire;
- Wearing of identification cards shall remain mandatory at all times;
- Existing dress code standards on professionalism shall be strictly observed.
